Looking for internships, fellowships or research opportunities?

The advertisement features three smartphone screens displaying the ORISE mobile application. The first screen shows a 'Welcome!' message and a search bar. The second screen displays a list of 'Search Opportunities' with details for a 'Graduate Research Opportunity' at the 'Naval Medical Research Unit'. The third screen shows a 'Calendar of Events' and a link to 'Ask the Experience ORISE Team'.

The mission of the U.S. Department of Defense (DoD) is to provide the military forces needed to deter war and protect the security of the United States. To support this mission, the DoD is the largest employer of scientists and engineers in the nation. To ensure a continued talent pool, the DoD works hard to grow the STEM workforce. The [DoD's Research Participation Programs](#) are managed by the Oak Ridge Institute for Science and Education (ORISE) under an interagency agreement between the DoD and the U.S. Department of Energy (DOE). With the support of the DOE interagency agreement and management from ORISE, the DoD prepares and strengthens the United States STEM workforce.
