Dear Colleagues,

We are pleased to announce the second annual Quantum Creators Prize Symposium to recognize early career researchers in the broad areas of Quantum Science and Engineering. The Quantum Creators Prize and Symposium will promote the achievements of early-career researchers working in exciting new directions of quantum science and increase the diversity of researchers in the field. Researchers who are selected will receive an honorarium and a prize certificate for their participation in the symposium.

The Quantum Creators Prize **applications are due September 11, 2022**. Graduate students and postdoctoral fellows from *any* institution are welcome to apply. To learn more about the Prize and how to apply, please visit our website: <https://chicagoquantum.org/events/quantum-creators-prize-symposium-2022>

This year, the symposium will be held in-person at the David Rubenstein Forum in Chicago, IL November 14 -15, 2022, in conjunction with the 2022 Chicago Quantum Summit.

Please feel free to forward this announcement to any researchers you think may be interested in participating.

Best regards,

Program Committee:

Chair: Hannes Bernien, University of Chicago
Eric Chitamber, University of Illinois Urbana-Champaign
Jennifer Choy, University of Wisconsin–Madison
Dave DeMille, University of Chicago
Alex High, University of Chicago
Shimon Kolkowitz, University of Wisconsin–Madison
Angela Kou, University of Illinois Urbana-Champaign
Kathy Levin, University of Chicago
